

Sinclair Broadcast Group's should be required to provide a non partisan broadcast, if any regarding the election. It's a sad sad day here in America when people can be paid, and bought off to do the wrong thing and disregard the greater good. By providing the public with their opinions it's turning our country into a land of Communism not Capitalism but rather exploitation of masses.

Not to mention that Sinclair's recent actions have illustrated the dangers to localism caused by media consolidation.

When Sinclair uses the public airwaves free of charge, they are obligated by law to serve the public interest.

If this type of behavior isn't stopped I guaranteed you nor I when be sitting in the room of clickish millionaires, however we will be the ones paying 3 or 5 dollars per gallon of gasoline hope for equal treatment that has forever been lost. Thank you.
